

Are you planning on attending College this fall?  
 Want to get a head start on post-secondary success?

## Then On-Line to Successful Learning is for you!

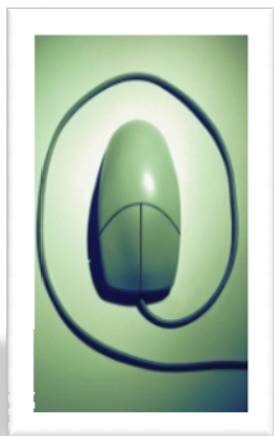

Loyalist College is offering an eight-week Student Success course that can be completed from your home computer using Internet resources. Just think, you can log on with your password and do your work wherever you want, wherever you are.

On-Line to Successful Learning is designed to ease your transition into post-secondary studies while providing you with the skills you need to find success in your studies. The eight-week course, which can be completed at your own pace, is estimated to take approximately 24 hours. All you will require are basic computer skills and regular access to a computer with an Internet connection.

You will learn about your strengths and challenges, the skills you need for the college/university program you plan to attend in the fall, strategies to help your learning, and self-advocacy skills that will assist you in the post-secondary environment.
